ABOUT ME

Being a leader of a small group of teenagers in Scout club made me communicative, thorough, reliable and very flexible. I like new challenges and hate undone work. Thanks to regular participation in creative competition (EBEC, Porsche eng. contest, Honeywell competition etc.), I have become accustomed to working and solving problems in team, but I don't mind being alone.

Modern technology, robotics, programming, sports, music (guitar playing)

Category B

Czech - Mother language

English - Able to communicate in both written and verbal form. B2+

TECHNICAL SKILLS

Python, Matlab & Simulink

C, C++ & PLC programming

Software & web development, git, Jira

Inventor, Fusion 360 & AutoCAD (hobby)

Office with VBA

WORKING EXPERIENCE
